

Fuel Management Practices and Technologies in NA Trucking Industry

Table of Contents

Chapter 1: Executive summary	4
Chapter 2: Introduction	6
2.1 Trends	8
Chapter 3: Idling	13
3.1 Introduction	13
3.2 Benchmarking challenges	16
3.3 Trends	17
3.4 Benchmarking solutions	19
3.5 Economics	21
3.6 Case studies	23
3.7 Conclusion and roadmaps	25
Chapter 4: Vehicles - Aerodynamics, tire, lubes, weight	27
4.1 Introduction	27
4.2 Benchmarking challenges	27
4.3 Trends	28
4.4 Benchmarking solutions	31
4.5 Benchmarking solution vendors	31
4.6 Economics	37
4.7 Case studies	43
4.8 Conclusion	46
Chapter 5: Fuel management software	47
5.1 Introduction	47
5.2 Benchmarking challenges	47
5.3 Trends	48
5.4 Benchmarking solutions	50
5.5 Benchmarking solution vendors	52
5.6 Economics	54
5.7 Case studies	56
5.8 Conclusion	58
Chapter 6: Alternative fuel technology and fuel vehicles	60
6.1 Introduction	60
6.2 Benchmarking challenges	61
6.3 Trends	62
6.4 Economics	67
6.5 Case studies	70
6.6 Conclusions	71
Chapter 7: Engine technologies	72
7.1 Introduction	72
7.2 Benchmarking challenges	72
7.3 Trends	74
7.4 Benchmarking solutions	75
7.5 Economics	82
7.6 Case studies	83
7.8 Conclusion	85
Chapter 8: Trucking operations	86
8.1 Introduction	86
8.2 Benchmarking challenges	86

8.3 Trends 86
8.4 Economics 90
8.5 Case studies 91
8.6 Conclusion 93
